

Bear Den Conversations at LS7

The Bear Den conversations are group discussions that center on the topics that we as a collaborative most need to discuss to experience high success by March, 2017 related to system change. The conversations are intended to draw ideas and feedback from the group in such a way as to lead to feasible next steps for action.

Below is the list of 21 topics with identified leaders. You will be able to attend two discussions during the Bear Den Session.

1. Ancestral practices: tools for building mental health
Leader: Stephanie Papik
2. How can we get insight into what has changed for the recipients of care – what has been the tangible change for those who receive services as a result of the collaborative.
Leader: Linda Nehra
3. How can LATs start testing the Information Sharing Guidelines in their Community
Leader: Jonny Morris and Kelly Veillette
4. The Emergency Room Protocol for CYMH – How will it help? How can we be involved?
Leader: Dr. Jeff Peimer
5. Focusing on the social determinants, what are we doing to insure the basics are met so youth can attend to their health?
Leaders: Cheryl Wallace and Kevin Creamore
6. Building comfort in discussing substance use in community
Leaders: Dr. Jim Ketch
7. Supporting transitions for youth who use substances
Leader: Jamie Marshall
8. Youth with Complex Needs: How can we move forward in addressing their unique needs?
Leader: Dr. David Smith
9. Alignment of the Collaborative with the government's policy on family mental health.
Leaders: Silas Brown and Val Tregillus
10. Building Youth Capacity to Lead
Leader: Brent Seal and Rylee Mckinley
11. Collective Impact: a framework to advance person and family centered, integrated team planning.
Leader: Kelly McQuillen

12. How to help youth who self harm.
Leader: Dr. Lynn Macbeth
13. A Discussion with MCFD Leaders
Leaders: Mark Seiben, Christine Massey & Barry Fulton
