

# Perinatal CoP Strategic Plan for 2022–2023

## ADVANCE PERINATAL CARE THROUGH CONNECTING TO THE PMH-PCN

### Optimizing Clinical Care and Services | Innovation | Collaboration

#### 1. Establish CoP Governance Structure to Advance Perinatal Care

- + Maintain CoP-Perinatal Services BC (PSBC) Collaborative meetings to enable alignment
- + Establish CoP-PSBC meeting schedule.
- + Define CoP role in Maternity Services Strategy Governance structure and engage accordingly.  
[TBD] Support implementation of MSS year 1 priority projects through CoP Membership.
- + Identify CoP Infrastructure Support (Network Manager/Coordinator)
- + Develop CoP Core Team/Steering Committee Terms of Reference
- + Maintain regular (quarterly) Steering Committee meetings.

### Embed Perinatal Care within the PMH-PCN

2. **Establish and activate PMH-PCN Working Group** – encompassing Pre- and Post-Natal Care (Access, Transitions, Continuity), Mental Health and Substance Use, and People Experiencing Vulnerability) and ensuring PSBC and Indigenous representation.
  - + Develop Working Group Terms of Reference
  - + Identify and Recruit Working Group members
  - + Launch and monitor Working Group
3. **Develop PMH-PCN Working Group Action plan** outlining desired clinical service and patient outcomes, and how activities align with the triple aim.
4. **Develop a provincial framework to guide and support local communities to address local perinatal issues of importance.**

## STRENGTHEN RELATIONSHIPS

1. **Expand membership by 170% (to 100) through increased engagement, collaboration, and building partnerships.**
2. **Host 1-2 Broader Engagement events**

3. **Activate Engagement and Communications Plan**
4. **Establish CoP Infrastructure Support through DOBC Staff and Consultant**  
(Development/Management/Coordination/Information Technology/Communications)
