Speakers

<i>Dr Grace Park</i>	Dr Grace H. Park is a Family Physician and the Regional Medical Director for Home and Community Care in the Fraser Health Authority in British Columbia, Canada. She is also an EXTRA fellow with the Canadian Foundation of Health Improvement. Her research interest is frailty prevention and management in primary care. Promoting healthy aging and 'Upstream' senior care led to her current work on the CARES project integrating primary care providers and community services through Social Prescribing.
<i>Dr Belinda Rodis</i>	Dr Belinda Rodis is a geriatrician practising in the Fraser North region. She completed her internal medicine and geriatric medicine training at UBC. She has a special interest in frailty, perioperative care, and geriatric nephrology.
