PRESENTATIONS | UPDATES

2022–2023 Workplan Adjustments and 2023–2024 Strategic Planning

Adrian Leung and Laura Anderson led a discussion on the draft 2023–2024 SCC workplan and sought feedback from the committee on strategic priorities for the next fiscal year.

The Committee broke into three groups, to discuss three key themes:

- Degree of focus on priority areas and patient populations
- Allocating funding and resource target/limits
- Committee focus and function

Adrian and Laura will review the breakout groups' findings and incorporate discussions into the draft workplan, to be returned to committee for approval at the November 8, 2022, SCC meeting.

Project Updates

At the Committee's request, Brooke Knowlton and Ray Cheema will provide updates at the upcoming SCC meeting on the Chronic Disease Community of Practice and the Adult Mental Health and Substance Use specialized consultation gathering, respectively.

Presentation: Chilliwack Division of Family Practice – Pain Project Network Leaders

Jamie Carballo introduced the Chilliwack pain project team, Dr Petrus Retief, Brenda Poulton, Gerry O'Hanley, and Tracey Arsenault, who joined the meeting to share outcomes from their East Fraser Pain Collaborative project.

The presentation included information on the background, change plan, activities and outcomes, and key messages of the project. Additionally, the group demonstrated resources and videos developed as part of the project.

SSC/SCC Planning and Priorities for November 9 and 10 Workshop

Adrian Leung presented a proposal for the upcoming SSC/SCC Alignment Working Group Workshop. The aim of this event is to align services and initiatives to effectively collaborate with, and support, physicians and partners.

- Based on findings from phase one and two of the SSC/SCC Alignment Working Group, phase three will focus on solutions to streamline initiatives, and define priorities and next steps.
- Five problem statements identified by the working group, a phase three participant list, and a road map outlining next steps were shared.
- The group aims to enhance the system impact from SSC/SCC initiatives, as defined by the Institute of Healthcare Improvement (IHI) Triple/Quadruple Aim, by March 31, 2024.

Committee members shared recommendations for discussion at the workshop, including measuring system outcomes, helping physicians to reduce their administrative burden, and consolidating and avoiding duplicative initiatives.

Reminder: 2023 SCC Meeting Dates

In 2023, the Shared Care Committee will meet 10 times, each on the fourth Tuesday of the month, with the exception of May which will instead take place on Tuesday, May 30 due to the Victoria Day holiday.

FOCUS OF SHARED CARE COMMITTEE

Developing innovative approaches to improving collaboration between family and specialist physicians, and spreading success through networks and other strategies.
