

How to Help the Physician Not Mess Up the Discharge Prescription:

Medication reconciliation provides a seamless discharge

ASSEMBLE

Print discharge prescriptions on the day of discharge.

BE COMPLETE

Pull admission Best Possible Medication History (BPMH) and attach to discharge prescription.

▶ If no BPMH, print one.

COMPARE

**Once discharge prescription list is completed, fax to:
Primary care provider and community pharmacy.**

Photocopy discharge prescription and put in chart.

DISCUSS

Give original discharge prescription list to patient.
